you to enter all of the keyboard shortcuts with the press of a button, while maintaining Quicken/MS Money compatibility. ☐ Keymacro has the same ease of use and less headaches as Quicken/MS Money ☐ Keymacro makes setting up keyboard shortcuts quick and easy. ☐ Keymacro can read and record Quicken/MS Money keyboard shortcuts, but cannot modify them. This is so you can have consistent keyboard shortcuts no matter which version of Quicken/MS Money you have. ☐ Using Keymacro, you can use any keyboard shortcuts that Quicken/MS Money offers. ☐ Keymacro will automatically show the keyboard shortcuts you use in the program. When you learn a new keyboard shortcut, simply save the shortcut to Keymacro's shortcut history. ☐ You can easily save your shortcut history to either a.txt or.ini file. ☐ Keymacro can auto record keyboard shortcuts from the keyboard and the mouse. ☐ Keymacro will work with Quicken/MS Money 1, 2 and 3 ☐ Keymacro's keystroke list includes all the keyboard shortcuts available in Quicken/MS Money ☐ Keymacro is not a replacement for MS Money's Keymacro. ☐ If you have problems using MS Money's Keymacro, we suggest you try Keymacro. WHAT'S NEW IN VERSION 6.0 ☐ Added support for ☐ As noted in the user manual, you can now use the printer for checks. ☐ Added "Auto-Complete" feature. Type any 3 letters in the "Search" or "Account" field and your checks will be completed. ☐ Added several features to the printer. The printer will now also handle a range of checks, will count, total, and print blank lines, and will print the balance on checks. ☐ Reminder field can now be used to keep track of your reminder from the last time you checked a check. ☐ Improved scanning function and overall performance. ☐ Now includes support for all the checks from all 77a5ca646e

Only standard checkbook checks (6 x 2.75) are supported in Home Edition. Why choose this software

### What's New in the?

Printer Home Edition is a single-user accounting program for printing your checks. This version is designed to be used with any HP LaserJet or similar printer, and will work with any type of check (personal or business). Printer Home Edition is designed to print 6 x 2.75 checks (or similar) per sheet (16.5 in. x 8.5 in. - 4.25 in. high x 7 in. high) with each check as a separate page. Print checks on a plain paper or glossy paper stock that matches your checks and your computer, and be sure to insert a check sheet before the printer. You can then print checks easily and quickly. Standard checks are available, as well as multi-purpose checks, account sheets, the 8-column check layout, and much more. Print the best style of check for your needs, so you get the most out of your checks.  Quickly print checks. Just click the button to create the check, and then click the print button to print it.  Design your checks with ease. An automatic check design engine with a choice of layouts will help you create your checks.  Start a check for the current account with one click. Just open a new check, and one of the 3 types of checks are automatically generated for you.  Preview all the check information before you print it. You will never print a blank check again.  Print checks in single or multiple-sheet mode.  Print your checks with a checkbook register.  Print checks by specific account or for the current account.  Print checks automatically. You can also manually select checks.  Print checks automatically, or manually. You can also change the order and sequence of the checks.  Print checks with a printer account.  Print checks with cash, credit or debit.  Preview check information, edit a check, and print checks on the fly.  Print checks directly from bank accounts with QuickPay support.  Add text to the bottom of checks, and re-order the columns.  Print checks, forms, and envelopes all on one page.  Create checks and forms without having to open an envelope.  Add a digital signature to your checks.  Print checks or forms using the printer for your printer.  Print checks and forms automatically.  Print checks from a predefined layout.  Print checks directly from Quicken/MS Money.
