I'm a programmer so I know how to make a bot to do what I want it to do. I can't get the bot to read the prompt properly. Here is a bit of code. Please help me find out what is going wrong. The bot can only detect the prompt once it is written, not read it.

```
from __future__ import print_function
import time
from itertools import repeat
message = "press a key to continue"
prompt = input(message)
message = input(message)
while True:
    for i in range(10):
        e79caf774b
```
