

Eerie atmosphere in a series of haunted and frightening games where the enemies are hiding in the darkness. In the game you will face old enemies, and new ones! Help the player in each level as they enter the unknown entity. In the game, the player will have to fight with bad vampires, armored goblin-like enemies, and bloody dogs. Search for door keys, items and ammunition. From the forest, from a cemetery, from a crypt, with bloodied mummies, or rattling along the walls and floors. Define the right place for your next blow and reach the exit of each level. Let's take a closer look at the game. Features: Mystical atmosphere. 13 levels. 4 bosses. 11 kinds of enemies. Career mode. Define the right place for your next blow. This app has no advertisements Download All Evil Night for free and make your smartphone an original Halloween night with no stops! Greetings!
