Christ Apostolic Church and Yoruba Hymn Book.Q: java.lang.NoSuchMethodError: sun.security.ssl.SSLSocket.setAuthenticator I have an application deployed into tomcat instance where I call one of the web service. Calling the web service always failed with one of the following error. java.lang.NoSuchMethodError: sun.security.ssl.SSLSocket.setAuthenticator(Ljava/security/cert/Certificate;)V So I wrote a program to simulate the error, and it failed to create ssl socket as well. Here is the excerpt from my program.

```
try { String url=""; URL u = new URL(url); URLConnection uc = u.openConnection();
HttpsURLConnection uc2 = (HttpsURLConnection) uc; uc2.setRequestMethod("POST");
uc2.setDoOutput(true); uc2.setDoInput(true); uc2.setRequestProperty("SOAPAction",
""urn:SoapPort""); DataOutputStream wr = new DataOutputStream(uc2.getOutputStream());
wr.writeBytes("
